SUBJ: **Promotion Test Battery Update-Revised Civil Service Telephone Number**

I am writing as a follow up to my January 6, 2005 memo describing the major Promotion Test Battery changes recently announced by the Department of Civil Service. I had asked all of our members who had any issues relating to these PTB policy changes to contact the Department of Civil Service directly and had included two telephone numbers.

We were subsequently advised by some of our members that one of the telephone numbers provided to us by Civil Service was incorrect. When we contacted Civil Service staff, they apologized to PEF for the erroneous number they had provided to us, which was also listed on their website. Civil Service has since rectified this error.

The correct telephone numbers for our members to contact Civil Service about any issues relating to the PTB policy changes are 518-457-2487 or 1-877-697-5627. I urge you to encourage our members to contact Civil Service directly to voice their concerns.

I will continue to keep you informed of the status of this issue.
