

Establishing Support Network for Veterans in Active Duty

Whereas, PEF has resolved to oppose the war in Iraq and support our troops,

Whereas PEF has passed no resolutions specifically supporting our members' who are citizen soldiers.

Therefore, let it be resolved that PEF establishes family support network for the deployed PEF member.

Therefore, let it be resolved that PEF provides the member and their family with contact numbers for PEF representatives.

Therefore, let it be resolved that the Veteran's council leader, executive board member, regional coordinator, labor representative and regional veterans chair call the deployed members family monthly.

Therefore, let is be resolved that the regional coordinator and regional veterans chair develop a support plan for the member and their family. This could include care packages, assisting family with member's employment issues, and assist in establishing contact with other organizations.

Financial impact: Minimum – This would require time from the PEF representatives for phone calls and to determine the needs of veterans' and their families.

Submitted by:

Richard Fletcher – Region 5 Veterans Chair

Kathy D'Arminio - Div. 399 Council Leader, Executive Board Members

Mary Twitchell – Region 5 Coordinator
